### Summary

---

Detail-oriented developer skilled in C, C++, OOP, Java and MERN stack development. Experienced in building dynamic web applications using HTML, CSS, JavaScript, SQL, and Git. Passionate about clean code, real-world problem solving, and continuous learning.

### Skills

---

**Programming & Languages:** C, C++, Java, JavaScript, Node.js

**Web Technologies:** HTML, CSS, React.js, Express.js, MERN Stack

**Databases & Tools:** MongoDB, SQL, Postman, Git, Github

### Experience

---

#### MERN Stack Developer Intern

September 2025 – December 2025

*Vyanwebs Technology Pvt. Ltd.*

*Technology Used: MERN Stack*

- Developed full-stack web applications using MongoDB, Express, React, and Node.js.
- Implemented responsive frontend UI, backend APIs, and database integration for real-world MERN stack projects.
- Used Git for version control and collaborated in a team-based development environment.

### Projects

---

#### Food Delivery Application | MERN

July 2025 – August 2025

- Developed a food delivery application using the MERN stack, including MongoDB schema design.
- Implemented secure user authentication and authorization using JWT and built RESTful APIs with Node.js and Express.js.
- Built responsive and user-friendly frontend interfaces using React.js, ensuring smooth cross-device usability.
- Integrated Stripe payment gateway for secure transactions and used Cloudinary for image upload, storage, and optimization.

#### University Social Networking Platform | MERN

February 2025 – May 2025

- Developed a full-stack university social networking platform using the MERN stack to enable students to share queries, resources, and collaborate with peers.
- Implemented secure user authentication and authorization using JWT.
- Designed and managed MongoDB schemas for posts, users, comments, and interactions.
- Improved student engagement and knowledge sharing through structured discussions and resource management features.

### Certifications

---

- Industrial Internship in Full Stack Development using MERN – Ardent Computech Pvt. Ltd. (2024)
- Problem Solving Through Programming in C – IIT Kharagpur, NPTEL (2023)
- SAJAG – Cyber Resilience Workshop, SVVV, Indore

### Education

---

#### B.Tech. Computer Science and Engineering

Graduated: 2025

*Shri Vaishnav Vidhyapeeth Vishwavidyalaya*

*CGPA: 8.4 / 10*
